Product Overview

The Motorized Apollo Workstation is a heavy-duty mobile workstation designed to support and transport payloads up to 1,200 lbs. Powered mobility, hydraulic braking, integrated power, and secure storage make it easier to move equipment and work efficiently across studios, campuses, and demanding terrain.

Optimal Sizes: Available in 40 inches and 52 inches, the Apollo is built to accommodate diverse professional needs and workspace requirements, making it suitable for the most demanding tasks.

Features

- **1,200 lb. payload capacity -** For heavy equipment and demanding workflows
- **Motorized movement -** Forward and reverse with hydraulic braking
- **Heavy-duty, tool-less construction -** 40.5 in. work surface height
- **Integrated power distribution -** Including USB-A, USB-C and standard outlets
- **Top and bottom locking drawers -** For secure equipment storage
- **Flat-proof tires and corrosion-resistant construction -** For demanding environments
