Product Overview

This ProClip dash mount is custom-made for your VW Golf starting in 2013 (see compatibility tab for full list of years). The mount attaches to the dashboard just above the center vent. Combine with a ProClip device holder to make a custom mounting solution. In addition to mounting regular holders for a phone or GPS, this extra-strength platform can support tablets or other heavier devices. This mount can also be used for off-road driving. The ProClip Center Mount is a very sturdy mounting bracket that clips tightly into the existing seams of the dashboard. No drilling holes or dismantling of the dashboard is required, simply clip on in seconds.

Device Holder NOT included, sold separately.

Notice: *Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.*

Features

- Strong construction, great for tablets and heavy devices
- Secure fit within easy reach
- High-quality construction is built to last
- Pair with a ProClip device holder to create a full mounting solution for your device
