

Angled Dash Mount for Honda Ridgeline

Part #853632

\$44.99

This ProClip Vehicle Angled Mount is a custom made car specific mount. It provides the perfect mounting platform for your device holder so you don't have to fumble around for your device anymore. The ProClip Angled Mount is a very sturdy mounting bracket that clips tightly into the seams of the dashboard. No drilling holes or dismantling of the dashboard is required, simply clip on in seconds.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- Great for right-handed phone or GPS use
- Easy installation. Clips tightly into seams of the dashboard
- High-quality ABS plastic is built to last
- Pair with a ProClip device holder to create a full mounting solution for your phone, GPS, or other device
