

Left Pillar Mount for Ford Transit Connect

Part #804381

\$44.99

The ProClip Left Mount attaches on the left side of the steering wheel and the face plate is angled towards the driver for optimal viewing. The mount clips into the dashboard seams between the panel sections, providing a very sturdy and tight fit. Average installation time is 2 minutes. No dismantling of the dashboard is required and there is no damage to the vehicle interior! The mount keeps your Device securely on the vehicle dashboard within easy reach from the driver seat - No more distracting and dangerous fumbling around for your device in the seat, cup holder, pocket, purse or on the floor.

Device Holder NOT included, sold separately.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- Convenient left-side phone or GPS mount location.
- Secure fit. No flimsy vent clips or bulky suction cups.
- Easily installed with no drilling required.
- High-quality and designed specifically for your vehicle.
