## Product Overview

This high-quality headrest mount base serves as a mounting platform for a custom ProClip tablet holder.

**The Safest Headrest Mount.** Our headrest mounts have been extensively tested and passed safety parameters including front and rear impact testing. They are the safest choice if you want to use your tablet as a rear seat entertainment device.

**Installation is quick and easy.** The headrest mount clamps around the headrest posts and the face plate has pre-drilled holes which makes the attachment of a tablet holder easy.
