Product Overview

This ProClip Angled Mount is custom-made for your Ford Explorer starting in 2012 (see compatibility tab for full list of years and models). The mount attaches to the right of the climate controls. Combine with a ProClip device holder to make a custom mounting solution for your phone or GPS. The ProClip Angled Mount clips tightly into the seams of the dash in seconds. No drilling holes or dismantling required.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- Great for right-handed phone or GPS use
- Easy installation. Clips tightly into seams of the dashboard
- High-quality ABS plastic is built to last
- Pair with a ProClip device holder to create a full mounting solution for your phone, GPS, or other device
