

Center Dash Mount for Nissan Altima

Part #854828

\$44.99

This ProClip Vehicle Center Mount is a custom made car specific mount. The mount attaches to the center area of the car dashboard. It provides the perfect mounting platform for your device holder so you don't have to fumble around for your device anymore. The ProClip Center Mount is a very sturdy mounting bracket that clips tightly into the seams of the dashboard. No drilling holes or dismantling of the dashboard is required, simply clip on in seconds.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- Secure mount base for iPhone, Samsung, cell phones and GPS devices.
- Center location for optimal phone viewing and hands-free use.
- Easy installation. Clips tightly into seams of the dashboard.
- High-quality ABS plastic is built to last.

Specifications

base
