Product Overview

Protect your investment in Mobile Computing with our in-vehicle charging holder. The charging holder is device-specific and designed for in-vehicle use. The slender, lightweight profile of the holder allows the user to conveniently mount it within the vehicle, optimizing accessibility and operation. This increases user efficiency and reduces the potential for damage to the device. The charging holder provides a safe and secure fit when docking and maintains a reliable connection. Constructed to high-quality standards, the design can withstand the most severe road conditions and temperature extremes. The charging holder reduces concern of the device bouncing around the vehicle or running out of battery before the day is done!

Features

- Custom fit to your bare device
- Includes Tilt-Swivel to angle holder 15 degrees any direction
- Rotate between portrait and landscape view

Specifications

Power Specs:

- Charging cable permanently attached to holder
- Cord length with black box is 96 inch / 243 cm
- Black power conversion box is 3 inch / 7.6 cm
- Provides 10 Watts (2A) charging power
- Hard-wire to 12 / 24 V vehicle power sources
- Black box converts from 12 / 24 V to 5 V output
- LED illuminated power indicator

UNMATCHED LEAD TIMES

Stocked Items 1 - 7 Days
Custom Items 4 - 6 Weeks

PRECISE FIT

Our CNC machining process produces exact-fitting parts at fast speeds.

BUILT TO LAST QUALITY

We use the highest-grade polymers and metals for strength and durability.
