Product Overview

This ProClip Vehicle Center Mount is custom made for the BMW i3. The mount attaches below the center vents, providing the perfect mounting platform for your device holder. The exact-fit mount clips tightly into the seams of the dashboard. No drilling holes or dismantling of the dashboard is required, simply clip on in seconds.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: *Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.*
