

Charging Holder with USB Cigarette Lighter Plug and Strain Relief Plate

Part #247110

\$144.99

Protect your investment in Mobile Computing with our in-vehicle charging cradle. This charging cradle is device-specific and designed for in-vehicle use. The slender lightweight profile of the cradle allows the user to conveniently mount it within the vehicle optimizing accessibility and operation. This increases user efficiency and reduces the potential for damage to the device. The charging cradle provides a safe and secure fit when docking and maintains a reliable connection. Constructed to high-quality standards, the design can withstand the most severe road conditions and temperature extremes. The charging cradle reduces concern of the device bouncing around the vehicle or running out of battery before the day is done!

Features

Custom fit cradle for the iPhone with a Honeywell Captuvo Sled. The cradle includes a built-in USB charging cord with strain relief plate.

- **Custom fit:** Only for the iPhone with Captuvo Sled
- **Includes Tilt-Swivel:** Angle cradle 15 degrees any direction
