Product Overview

The ProClip Left Mount attaches on the left side of the steering wheel and the face plate is angled towards the driver for optimal viewing. The mount clips into the dashboard seams between the panel sections, providing a very sturdy and tight fit. Average installation time is 2 minutes. No dismantling of the dashboard is required and there is no damage to the vehicle interior! The mount keeps your Device securely on the vehicle dashboard within easy reach from the driver seat - No more distracting and dangerous fumbling around for your device in the seat, cup holder, pocket, purse or on the floor.

Device Holder NOT included, sold separately.

Notice:*Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.*

Features

- Convenient left-side phone or GPS mount location
- Easy installation. Clips tightly into seams of the dashboard
- High-quality ABS plastic is built to last
- Pair with a ProClip device holder to create a full mounting solution for your phone, GPS, or other device
