Product Overview

This ProClip Vehicle Console Mount is a custom made car specific mount. The mount attaches to the lower floor console area of the vehicle. It provides the perfect mounting platform for your phone, GPS, tablet, or other device in the car so you stay safe and hands-free while driving. The ProClip Console Mount is a very sturdy mounting bracket that clips tightly into the seams of the center console. No drilling holes or dismantling of the dashboard is required, simply clip the mount on in seconds.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: *Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.*

Features

- Optimal design specific for the console of your vehicle
- Easy installation. Clips tightly into seams of the console
- High-quality ABS plastic is built to last
- Pair with a ProClip device holder to create a full mounting solution for your phone, GPS, or other device
