

5-Slot Desktop Cradle

Part #215985

\$634.99

Five slot desktop charging dock with power convertor and worldwide adapters included. The charging dock can handle up to five devices simultaneously, it takes up minimum space and if using many tablets, several charging docks can be neatly placed next to each other. The dock charges the tablets via the built in pogo pins. Just place the tablet in the dock and the charging starts instantly. Each slot has a charge indicator that changes from red to green once the tablet is done charging.

The charging dock comes with non-slip rubber feet as well as threaded screw holes on the bottom for attaching to a tabletop or a charging cabinet.

Features

- Fits devices with original skin
