

Left Console Mount for Lexus LX

Part #835434

\$44.99

This ProClip Console mount is custom-made for Lexus LX models starting in 2016 (see compatibility tab for full list of years). The mount attaches to the left side of the center console. Combine with a ProClip device holder to make a custom mounting solution for your phone or GPS. The ProClip Console Mount clips tightly into the seams of the console in seconds. No drilling holes or dismantling required.

Device Holder NOT included, sold separately.

Comes with a pre-drilled hole pattern for device attachment (might not be shown in photo). This is a suggested placement pattern only. A device holder can easily be attached anywhere on the face plate.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- **Console Mount:** Keep your device down and out of the way; while still keeping it within reach
- **No damage:** Fits into existing seams; no drilling or modifying required
