

Articulating Mount

Part #100477

\$609.99

The articulating mount is perfect for mounting devices that need to be easily accessible and able to swing out of the way. The arm can mount devices using the VESA 75 & 100 hole patterns. While the attached L-bracket can mount the arm to any pipe/pole between 19-30mm in diameter. This articulating mount can be attached to stationary posts or on mobile carts for maximum flexibility.

Features

The articulating mount is perfect for devices that need to be easily accessible at a moments notice and then swing out of the way. The arm can mount devices using the VESA 75 & 100 hole patterns.
