

XDIM MODULE NOT INCLUDED

Non-Charging Cradle with Key Lock and Rear Camera Access for Zebra XPAD L10/XSLATE L10

Part #216090

\$274.99

This tablet cradle is designed to fit the Zebra L10 tablet in both the XSLate and XPad format. The key lock will slide through the handle of the Xpad version or over the top of the XSLate and provide a secure hold for the device.

This cradle doesn't block the rear facing camera and ensures that the tablet is mounted securely even when video needs to be captured or images taken from a forklift, truck, police cruiser or any other moving work environment.

The cradle is designed to fit the Zebra xDIM V3 module to add power and USB ports as needed for external accessories such as RFID readers or bar code scanners.

Features

- Key lock for security of tablet
- Does not obstruct rear facing camera
- Custom fit to fit either the XSLate or Xpad form factor
- Does not fit accessories that attach to the L10
- Includes AMPS and VESA 75 mounting hole patterns.

Specifications

Cradle only, does not include charging capability.

Designed to fit the Zebra xDIM G3 Docking Module (Zebra Part# 300140)

Compatibility

- Zebra XPAD L10
- Zebra XSLATE L10
