

## Charging Holder with Tilt-Swivel and Dual USB Cigarette Lighter Adapter

Part #721224

**\$129.99**

This holder is designed to fit the Samsung Galaxy Tab Active3 and also fits the Tab Active2.

The high sidewalls help make it easy to align and dock the tablet and keep it stable in the holder through vibrations normal in a vehicle.

Charging is done using Pogo Pins to provide a durable charging connection for the entire life of the tablet. The holder has a USB-A cable and includes a dual USB Cigarette Lighter Adapter.

The USB-C port and headphone jack are available to be used while docked, but only the Tab Active3 supports using the pogo pins and the USB-C port at the same time.

The AMPS pattern is used on the holder and is compatible with ProClip vehicle, pedestal, pipe and forklift mounts.
