

Charging Holder with Wall Adapter

Part #216178

\$119.99

This cradle is designed to keep the Tab Active Pro charged and usable while docked. The design allows all buttons, cameras and ports to be accessible while docked.

The pogo pins are used to charge the cradle preventing any wear and tear caused by constantly plugging and unplugging the USB-C cable. Simply drop the tablet in and it will start charging and can be removed with a simple pull and lift.

The included wall power adapter works with multiple countries AC power and provide the Tab Active Pro with enough power to charge quickly and efficiently.

Features

- Custom fit to tablet with original skin
- Pogo Pin charging for easy in and out of the cradle.
- Includes tilt-swivel to angle cradle 15 degrees any direction
- Includes a multi-country wall adapter to plug into any standard wall socket.

Specifications

Power Specs:

- Charging uses AC power adapter. 110-200 VAC
- Adapter converts 10-200 VAC to 5.4 VDC output

Compatibility
