

2 In. Heavy-Duty Pedestal Mount - Round Base & Square Top Plate

Part #215836

\$99.99

Superior Strength - Crafted from solid-core aluminum with small interlocking teeth, this mount supports up to 300 lbs. of force. It has the standardized AMPS hole patterns for easy attachment to most device cradles, holders and flat surfaces.

Perfect Angles - Small interlocking teeth with two wing nuts allow joints to be positioned in steps of 11.25°, up to a maximum of 180° (16 different positions).

Modular - Combine this mount with other parts by mixing and matching to create a custom setup that positions your device for optimal viewing and access.

Ideal Use - Perfect for semi-trucks, tractors, forklifts, fleet vehicles, or any flat surface like walls, racks, carts, workbenches, countertops, and heavy machinery.

Features

- Extremely strong construction supports up to 300 lbs of force
- Small interlocking teeth provide maximum device stability
- Easily adjustable with 16 different locking positions
- AMPS base plates (4mm screw slots) attach to any flat surface

Specifications

- Material: Aluminum with Plastic Wing Nuts
- Total length: 1.5 In. / 39 mm
