

## Heavy-Duty Pedestal Mount - 4" with Interlocking Teeth

Part #215840

\$129.99

This 4-inch Heavy-Duty Pedestal Mount features a compact profile, strength, and flexibility, allowing it to securely hold one or multiple mobile devices, making it superior to its competition.

**Superior Strength** - Crafted from solid-core aluminum with small interlocking teeth, this mount supports up to 300 lbs. of force.

**Perfect Angles** - Small interlocking teeth with two wing nuts allow joints to be positioned in steps of 11.25°, up to a maximum of 180° (16 different positions). Round plates feature AMPS hole pattern slots for radial adjustment.

**Modular** - Combine this mount with other parts by mixing and matching to create a custom setup that positions your device for optimal viewing and access.

**Ideal Use** - Perfect for semi-trucks, tractors, forklifts, fleet vehicles, or any flat surface like walls, racks, carts, workbenches, countertops, and heavy machinery.

### Features

- Extremely strong construction supports up to 300 lbs of force
- Compact design with a solid aluminum core
- Small interlocking teeth provide maximum device stability
- Easily adjustable with 16 different locking positions
- Round AMPS base plates (4mm screw slots) attach to any flat surface
- Modular design – Add or combine parts to build a custom mount
