

43" Floor Stand with 10" Flex Arm

Part #100197

\$224.99

This floor stand is designed to provide a clean and simple solution for scanners, tablets, cameras and more.

The base plate features 4 pads on the bottom to prevent sliding or scratching on floor surfaces. It is 3/8 inch thick and is weighted at 8 lbs. to keep devices secured and prevent tipping.

The stand features a 10 inch long flexible top that allows it to be set to virtually any angle. The flexible top is designed to last and is very firm during the first uses but softens slightly over time.

The solid section of the stand is 35 inches long and has a half inch hole at the top and the bottom to fit small cables such as USB-C or small power cables.

The stand ends in an AMPS hole pattern that is compatible with ProClip holders, pedestals and other industry standard mounts.

Features

- 43" Height with 34" solid tube
- 10" Flexible arm on top for adjustable angle
- AMPS top plate fits ProClip Holders and Pedestals
- Room for small cabling inside the tube 1/2 Inch or smaller
