## Product Overview

This charging cradle The Zebra TC5x series of mobile computer. It features a durable pogo pin connector that ensures reliable docking and charging. The included top support ensures the device stays firmly in the cradle through heavy vibration events like forklifts on rough floors and vehicles going off road.

The holder comes with the AMPS hole pattern for quick attachment to vehicle dashboard, forklift, and other mounts. The AMPS hole pattern is common in ball, vehicle, pipe, cart and forklift mounts.

## Features

- Custom fit to device with rugged boot
- Top support for more secure fit
- Angle holder 15 degrees in any direction
- USB-A Cable for easy charging to USB ports.
- AMPS hole pattern for attachment to any mount
