## Product Overview

This cradle is custom fit to the tablet with Rugged Frame.

Designed to fit all of the configurations with Expansion Back accessories in one solution. Regardless of having just the tablet in the frame, or any combination of the Expansion Back, Barcode Scanner, Hand Strap or Spare Battery, your specific combination will fit in this cradle.

The scanner can function through the scan window on the top of the cradle while docked and locked in place.

This cradle features a steel base plate that has the AMPS and 75mm VESA hole patterns for easy attachment to vehicles, work carts or flat surfaces.

This cradle is designed with a modular system that allows it be easily upgraded and serviced without having to replace the entire cradle. The lock module, charging block, and power supply can all be changed out without having to replace the entire cradle.

## Features

- Fits the Tablet in the Rugged Frame with the 30-Pin Connector Installed
- Fits Expansion Back with Barcode Scanner
- Hot-Swap Battery Access While Docked, and More!
