

Charging Cradle with Spring Lock and USB Host Port for the Zebra ET5X 10.1 Tablet

Part #747266

\$406.99

This cradle is custom fit to the Zebra ET50 series of tablets in the 10.1" size with the Rugged Frame and 30-Pin Docking Connector installed.

The cradle is designed to fit all of the configurations of ET50 Expansion Back accessories in one solution. Regardless of having just the tablet in the frame, or any combination of the Expansion Back, Barcode Scanner, Hand Strap or Spare Battery, your specific combination will fit in this cradle.

The scanner can function through the scan window on the top of the cradle while docked and locked in place.

This cradle features a steel base plate that has the AMPS and 75mm VESA hole patterns for easy attachment to vehicles, work carts or flat surfaces.

This cradle is designed with a modular system that allows it be easily upgraded and serviced without having to replace the entire cradle. The lock module, charging block, and power supply can all be changed out without having to replace the entire cradle.
