Product Overview

Simple. Solid. Secure. The Ford Bronco Center Dash Phone mounting base is made specifically for your Bronco starting in 2021 (See below for full list of compatibility). Choose this mounting base then select a ProClip phone holder, GPS holder or GoPro holder to complete your mounting solution.

Installation is a snap. The ProClip mounting base clips tightly into the seams of dashboard above the center vent in seconds. No drilling holes or dismantling required. This gives you a sturdy and solid base for your ProClip device holder (sold separately).

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.

Features

- Center location for optimal phone viewing and hands-free use
- Easy installation. Clips tightly into seams of the dashboard
- High-quality ABS plastic is built to last
- Pair with a ProClip device holder to create a full mounting solution for your phone, GPS, or other device
