

5 In. Standard-Duty Pedestal Mount with Steel-Ball Base Plates

Part #100326

\$53.99

This Pedestal Mount can angle, tilt, swivel and extend your holder/device for a better viewing position. This mount swivels 360 degrees horizontally and vertically. It has the standardized AMPS hole patterns for easy attachment to most device cradles, holders and flat surfaces. The face plate has an AMPS hole pattern to accommodate most holders, cradles, mounts and car kits. The 2 additional steel plates include a steel 20mm ball and M5 fastener holes in steel AMPS plates.

Vehicles on the Road

This product is designed to support attached devices with up to 25 lbs. of force. This means it will support approximately 4 lbs. of equipment with the normal vibrations and bumps that occur in daily driving on the road. To ensure that the weight of the device combined with the cradle, or holder does not exceed the 4 lbs., we recommend that tablets, phones or other devices be no larger than an 8-inch screen.

Features

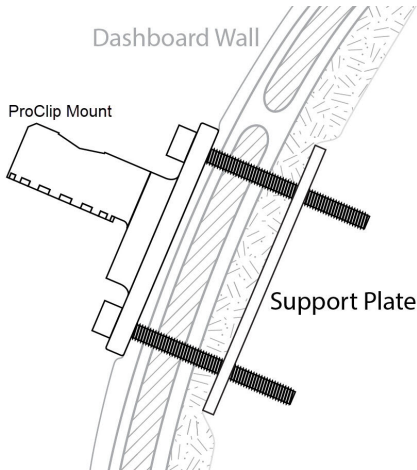

- 0.75 In. ball joints allow for 360° positioning
- Industry-Standard AMPS base plates attach to any flat surface
- Includes 2 Steel-ball AMPS Plates

Compatibility
