

Standard-Duty Forklift Mount

Part #100328

\$119.99

This product is designed to support attached devices with up to 25 lbs. of force. This means it will support approximately 4 lbs. of equipment with the normal vibrations and bumps that occur in daily driving on the road. To ensure that the weight of the device combined with the cradle does not exceed the 4 lbs., we recommend that tablets, phones or other devices be no larger than an 8-inch screen.

Forklift Mounts and Off-Road Use

This product is designed to support attached devices with up to 25 lbs. of force. This means it will support approximately 2.5 lbs. of equipment with the heavy vibrations and bumps that occur in forklifts and off-road environments. To ensure the weight of the device combined with the cradle or holder does not exceed 2.5 lbs., we recommend that tablets, phones or other devices be no larger than a 6-inch screen.
