Product Overview

The ProClip Center Dash Mount is made specifically for your Ford F-150 Lightning (Pro or XLT trim only). The mounting base attaches to the dashboard just below the center screen. Attach a ProClip device holder to make a complete phone mount that is built to be as tough as your truck.

Unlike flimsy vent clips or bulky suction cup mounts that can create unsafe blind spots while driving, The ProClip Center Dash Mount for your Ford F-150 Lightning (Pro or XLT trim only) gives you the most secure and safest mount for your iPhone, Samsung Galaxy, or other cell phone. Installation is easy - no drilling holes or dismantling the dashboard - it snaps into the seams of your dashboard in seconds!

Device Holder NOT included, sold separately.

Notice: Consider how the device, or horizontal position, will fit the location and could interfere with other vehicle functions.
