

Non-Charging Cradle with Spring Lock for Zebra ET80/ET85 with Rugged Boot

Part #741296

\$284.99

Regardless of having just the tablet or any combination of the Expansion Back, Barcode Scanner, Hand Strap or Spare Battery, your specific combination will fit in this cradle. The folding keyboard cover is not supported.

This cradle features a steel base plate that has the AMPS and 75mm VESA hole patterns for easy attachment to vehicles, work carts or flat surfaces. It also has additional holes to enable cables to be managed with the included zip ties to ensure a clean and safe installation. A pack of M4 fasteners is included with various lengths, washers and lock nuts to provide multiple options for mounting the cradle. The included Spring Lock block is used to help secure the tablet in high vibration environments and it prevents the top of the tablet from shaking out of the cradle.

The scanner can function through the scan window on the top of the cradle while docked and locked in place. It features a slot for the Hot-Swap battery it can be changed while docked.
