

Charging Cradle with Hard-Wired Power Supply for Honeywell CT45 / CT45 XP

Part #713321

\$129.99

This is a high-quality custom charging cradle designed for the Honeywell CT45 / CT45 XP without the Protective Boot. This holder does not fit the HealthCare model because it does not have a USB-C port.

This keeps the device facing the operator and features the AMPS hole pattern, which is industry standard for mounting equipment in vehicles and moving applications. This holder will attach to any compatible pedestal, forklift mount or vehicle mount.

This cradle includes a Hard-Wired Power Supply that provides power to the CT45 / CT45 XP through the USB-C port.
