Product Overview

This power supply is used for ProClip products that require 12V power like those for Zebra ET50 Series tablets.

This Hard-Wired Power Supply input power is 12-48V DC up to 3A. The output is a 5.5mm barrel jack with a 2.3mm center pin that is positively charged.

The power conversion box supports up to 48V input and features modular input and output cables for easy upgrade and replacement in the future. The power supply includes a 3A fuse kit and the conversion box has a resettable fuse to prevent any damage to the attached device.
