# ModTek Dock with Hub for Android and Windows Devices

Part #216412

## $199.99

Unleash the power of USB-C with the ModTek Dock. It is universally compatible with all current and future ModTek Hard Cases.

USB-C is the industry standard for mobile devices. Unlike pogo pins, which are susceptible to dust, dirt, moisture, and bending, USB-C offers superior data and charging capabilities. ModTek enables connections up to 5Gbps with backward compatibility to USB 2.0 devices, while simultaneously charging the tablet.

The expansion hub provides 3 USB-A ports and 1 USB-C port for external connections such as scanners, payment terminals, dashcams and more.

The quick release dial allows for effortless one-handed docking and undocking.

The ModTek Dock helps keep your tablet protected and has undergone 3rd party testing including thermal shock, forklift vibration (16Gmrs), and USB-C insertion (20K).

CASE: US Patent 11,815,224 | DOCK: For use under US Patent 11,815,224
