

USB-C Splitter Module with 1 x USB-C PD 60W and 1 x 3.5mm Audio Port

Part #216482

\$44.99

Add versatility to the ModTek System with the 3-Port Expansion Hub for ModTek Docks. It's the ultimate solution for seamless connectivity.

With three expanded USB-A ports, you can effortlessly link up barcode readers, keyboards, RFID readers and more, enhancing your device's functionality. The hub also features USB-C Power Delivery pass-through, supporting up to 100W of Power Delivery (PD) for peripherals and tablets, ensuring uninterrupted power supply.

The hub offers (1) USB-A 3.0 port on the side, and (2) USB-A 2.0 ports on the bottom. It caters to various devices and data transfer speeds.

The 3-Port Expansion Hub is designed with a cover featuring cable retention, preventing cables from shaking loose or coming unplugged during operation. Attaching it is a breeze – specifically crafted to easily integrate with existing ModTek Docks using the included fastener pack, requiring no tools.

Features

- Provides 3 USB-A ports to connect Barcode Readers, Keyboards, RFID readers and more
