Product Overview

This block can be used to provide a gap between the back of a cradle or holder and the mounting position. This allows cabling and other components to be accessed or mounted with appropriate gaps when installed.

This spacer block includes fasteners needed to attach directly to a wall with sheetrock anchors and wood screws.

Features

- Extend your cradle or holder from a ProClip Keyboard, Commercial Vehicle or Pedestal Mount.
- Provide space between a wall or hard surface for mounting directly with sheet rock anchors or wood screws.
