Product Overview

This cradle is custom fit to the Zebra ET50 series of tablets in the 10.1" size with the Rugged Frame installed.

The cradle is designed to fit all of the configurations of ET50 Expansion Back. Regardless of having just the tablet in the frame, or any combination of the Expansion Back, Barcode Scanner, Hand Strap or Spare Battery.

The scanner can function through the scan window on the top of the cradle while docked and locked in place.

The included Key Lock block comes with a standard key to make it easy to manage a large fleet of holders without having to track individual keys. Random keys can be requested at the time of purchase for more secure environments.

This cradle is designed with a modular system that allows it be easily upgraded and serviced without having to replace the entire cradle. The lock module, charging block, and power supply can all be changed out without having to replace the entire cradle.
