Product Overview

This black Philips machine screw is found in all of our HD Tilt-Swivels. The screw holds the two halves of the Tilt-Swivel together and allows various levels of adjustment, depending on how tight you make the screw.

If you have accidentally lost or stripped the center screw on your device holder this can replace it without buying a totally new solution.

Features

- Used to replace the center screw that holds your Tilt-Swivel together (see item photo for reference)
- Black oxide coating for corrosion resistance
