Product Overview

This high-quality custom non-charging cradle is designed to fit the Zebra TC53 and TC58 with Rugged Boot.

This cradle includes a hard-wired power supply that converts 12/24V power to 5.4V to charge the device.

The included Key Lock block comes with a standard key to make it easy to manage a large fleet of holders without having to track individual keys. Random keys can be requested at the time of purchase for more secure environments.

Thi
