Product Overview

Add versatility to your cradle with the 3-Port Expansion Hub. It provides a complete set of connections to extend the use of the device to desktops, displays, and more.

With support for 4K video on the USB-C port, you can extend display from the device to any external display and with the included 15 Watts of power output, it can power external USB-C monitors without separate cables.

With USB-A and USB-C ports, you can add barcode readers, keyboards, RFID readers and more to your setup. The hub also features USB-C Power Delivery (PD) pass-through, supporting up to 60W of power for peripherals, ensuring uninterrupted power.

The hub also features cable retention, preventing cables from coming unplugged during operation.

Attaching it is a breeze - specifically crafted to easily integrate with existing ModTek Docks and ProClip USB-C Charging Cradles using the included fastener pack, no tools needed.

Features

- 1 x USB-A 3.0 (5Gbps Data, 7.5 Watt Power)
- 1 x USB-C 3.0 (5Gbps Data, 7.5 Watt Power)
- 1 x USB-C 3.1 4K Audio Video @ 30Hz (15 Watt Power)
