## Product Overview

This heavy-duty clamp mount with 7.4 In. HD pedestal is ideal for mounting heavier mobile devices such as rugged tablets and vehicle computers in forklifts, heavy machinery or other work environments prone to high levels of shock and vibration. The entire mount is precision machined from solid-core aluminum plate and 1 Inch rod, for extreme strength and durability. The pedestal end joints are machined with interlocking teeth that will not wear out or slip, enabling a wide range of angle adjustment without sacrificing strength. With a twist of the wingnut, the In-Line Swivel joint adds 360 degrees of rotation to the solution, making it easy to achieve the exact position for optimal screen viewing and device accessibility in the workspace or vehicle.

## Features

- Clamp Accommodates Flat Stock Sizes:
  - Width of up to 5 In. (127 mm)
  - Thickness from 0.125 In. to 5.125 In. (~ 4 - 130 mm)
- Solid-Core Aluminum Construction
- Dual Interlocking Joints Enable Up-Down/Left-Right Adjustment
- In-Line Swivel Joint Enables 360 Degree Rotation
- Device Attachment Plate Features AMPS Hole Pattern (4 mm Diameter Bolt Holes)
- Recommended for Mounting Mobile Devices in Forklifts and Heavy Machinery

## Specifications

- Color: Black
- Material: Aluminum
- Pedestal has a 90 degree offset to allow more adjustment options
- Round base plates with multiple AMPS mounting positions
- Comes with complete set of screws in various sizes, allowing for the forklift mount to span from 130 mm to 5 mm

**UNMATCHED LEAD TIMES**
Stocked Items 1 - 7 Days
Custom Items 4 - 6 Weeks

**PRECISE FIT**
Our CNC machining process produces exact-fitting parts at fast speeds.

**BUILT TO LAST QUALITY**
We use the highest-grade polymers and metals for strength and durability.
